Professional Learning Communities of New Taipei City Native English-Speaking Teachers

Professional Learning Communities (PLCs) are meetings where teachers develop camp curriculum, which is required for New Taipei City Native English-Speaking Teachers (NESTs). NESTs have been grouped by area into teams of three to five people creating ten PLC groups. There will be three online PLC Meetings and two online Prep Meetings that will take place during this fall semester. All NESTs are required to attend these information and planning sessions to prepare for camp.

PLC Meeting Goals:

Meeting One (10/13): Meeting One will cover camp expectations, locations and dates, explanation of lead teacher role, camp themes, and NAS online file sharing. By the conclusion of the meeting, teams will submit a *Camp Trajectory* document that will include PLC member names, camp theme, camp slogan, teaching assignments, camp behavior and participation strategy, and closing ceremony awards. (Due on the day of Meeting One.)

Prep Meeting #1: Using an online meeting platform, such as Google Meet, NESTs will complete the *Camp Pre-PLC Outline* document. The outline will include a brief summary of each instructional period along with a listing of materials needed. (template is available in NAS2)

Meeting Two (11/10): Share *Camp Pre-PLC Outline* document and create online camp schedules. NESTs will also need to come to a consensus on the continuity of the lessons, crafts, storybooks, and recreational activities within their *Camp Pre-PLC Outline* document, which will be reviewed by the English Center. NESTs will also need to discuss the presenting of their camp to the host school in Meeting Three.

Prep Meeting #2: Using an online meeting platform, such as Google Meet, NESTs will complete the *Final Draft* of all camp *Lessons, Crafts, Recreation, Story Telling, Introduction, and Closing Ceremony* instructional documents. (templates are available in NAS2)

Meeting Three (12/08, 12/15 and 12/22): PLCs will be separated and grouped with their winter camp host school representatives (each meeting will consist of 3 to 4 PLC camp groups and their camp host schools respectively). NESTs will discuss collaboration strategies, operational concerns, communication plan, and contingency plans with their host school representatives. NESTs will also present their completed camp plan to the host school and answer any questions that may arise.

Notice:

1. The online meeting room will be open 30 minutes prior to the start of the meeting, and it will accept participants during the first 10 minutes after the start of the meeting.
2. Those who do not enter the Google Meet room on time for meeting will be deemed absent.
3. Please ensure that the connection speed of the network environment is stable and the video equipment is adequate (such as earphones, microphones and video cams).
4. For desktop computers, you can paste or enter the above link in the browser address bar; if you use a mobile phone or tablet device to connect, you need to install the Google Meet APP first, and then scan the QR Code through the camera function to enter the video seminar.
5. Please log into Google Meet with an educational account from New Taipei City; if you use a private account, be sure to change the display name to show your name and school before the start of the meeting.
6. During the online meeting, please turn on the camera during the entire meeting to show your participation.
7. After entering the online conference room, please type in your school and name in the group chat box to show sign-in; after the meeting is finished, type in your school and name again according to the instructions of the organizer to show sign-off.
