I AM creative
I AM capable
I AM worthy
I AM enough
I AM kind
I AM clever
I AM loved
I AM strong
I AM unique
I AM funny

The Classroom Environment

The "Third Teacher"

- **Seasonal Atmosphere:** Hallways and walls change with seasons (e.g., Halloween) to make learning immersive and fun.
- **Student Work:** Walls display student art and writing, building a sense of pride and ownership.
- **Clear Expectations:** Simple, visual rules (e.g., "Be Nice", "Listen") guide behavior positively.

Halloween everywhere

Halloween everywhere

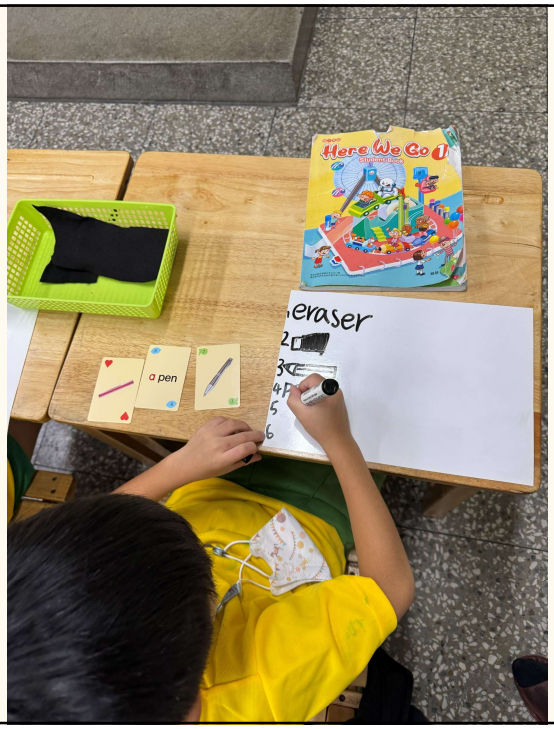

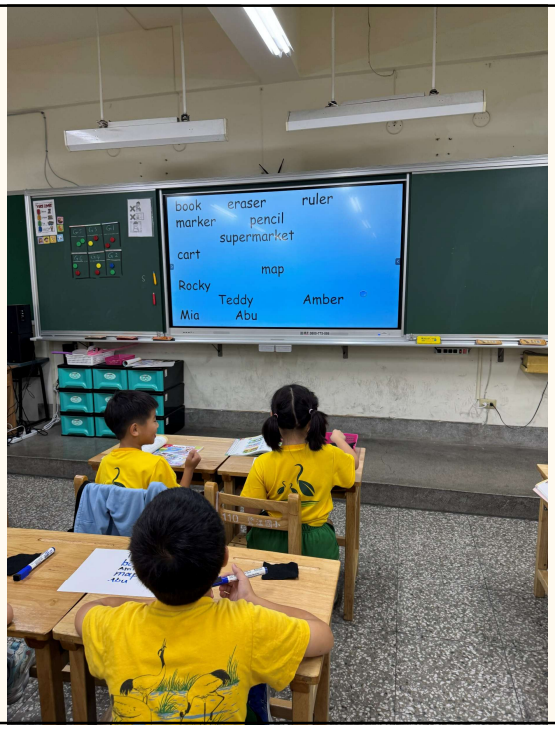

Building the Autonomous Engine

- **Normalize Differentiated Tasks:** Provide resources that respect individual learning speeds, moving away from "one size fits all."
- **Integrate Digital Tools:** Utilize platforms like Raz-Kids and Freckle Math to reduce teacher burden and provide adaptive learning.
- **Establish Learning Centers:** Create designated areas for different tasks to foster self-discipline and routine transitions.
- **Foster Critical Thinking:** Use English not just as a subject, but as a tool to explore diverse perspectives and solve problems.
